ASHTON BRICK

FULL BED VENEER

Ashton Brick masonry veneer combines the classic look of traditional brick with the advantages of concrete masonry. Its tight texture offers durability as well as a consistent uniform appearance. Opt for a bold and modern solution for your next project.

ECHELON® MASONRY

FEATURES & BENEFITS

- Modular concrete brick veneer simulating the look of clay brick
- Wider range of color options compared to traditional brick
- Smooth finish and sharp edges provide a contemporary look
- Integral color and water-repellent admixture provide consistent through-body color and enhanced moisture mitigation
- Cored units for easy handling and installation
- Manufacturing process provides tight, dimensional stability for its size vs. clay brick

AMERIMIX®

For dependable performance and efficient installation, use Amerimix® pre-blended mortars and grouts.

TECHNICAL INFORMATION

ASTM C1634 - Specification for solid dry-cast, concrete facing units.
