GROUND FACE

ARCHITECTURAL CMU

Ground Face concrete masonry units are manufactured using a unique combination of colored and tightly mixed aggregates. In a multi-stage finishing process, each unit is ground to expose the beauty of the aggregate and integral color and includes an integral water repellant that allows for use at or below grade.

ECHELON® MASONRY

FEATURES & BENEFITS

- Smooth, glossy finish provides an elevated aesthetic
- Regionally produced in a wide variety of colors
- Available in a variety of sizes, providing design flexibility
- Integral color and water-repellent admixture provide consistent through-body color and enhanced moisture mitigation
- Moisture-resistant composition allows use at or below grade
- Highly durable and resistant to mold and mildew

AMERIMIX®

For dependable performance and efficient installation, use Amerimix® pre-blended mortars and grouts.
